

ANGELO JACOB A. VALEROS

+63 995 498 4281 | bocajvaleros@gmail.com | <https://ajvalerosportfolio.vercel.app/>
#69 Fordham St., Greenview Executive Village, Brgy. Sauyo, Quezon City

PROFESSIONAL SUMMARY

Motivated Full-Stack Web and Mobile Developer with hands-on experience designing and deploying complex, feature-rich applications. Proficient in modern Front-End Web Development (React, Angular.js, Typescript Next.js) and cross-platform mobile development (Flutter). Demonstrated ability to build AI-integrated systems, interactive platforms, and enterprise-grade applications. Committed to clean, efficient code and continuous growth as a junior software engineer.

PROFESSIONAL EXPERIENCE

Software Engineer Intern — Asceoft Inc.

Contributed to the development of Fleet Information System (FIS), a full-stack web app for fuel logging, vehicle management, and dispatch with live map tracking and driver trip requests.

- Built a Progressive Web App (PWA) version of FIS using Next.js, TypeScript, Tailwind CSS, and PostgreSQL.
- Gained hands-on experience deploying real-world enterprise applications.
- Basic training on project management

PROJECT EXPERIENCE

Course Projects

- **UST Re-Cycle** – Full-stack developer; tracking system & ticketing system
